

Konstanz Methods Excellence Workshops

Welcome to #KOMEX2026!

Microcredentials – Online

- ekomex** Advanced Qualitative Comparative Analysis (QCA)
- ekomex** Data Visualisation in R
- ekomex** Doing Fieldwork in Challenging Contexts
- ekomex** Fine-Tuning Large Language Models
- ekomex** Interpretive Methods
- ekomex** Introduction to AI-driven Text Analysis
- ekomex** Introduction to Causal Process Tracing
- ekomex** Introduction to Computational Social Science
- ekomex** Introduction to Python
- ekomex** Introduction to Qualitative Comparative Analysis (QCA)
- ekomex** Introduction to R
- ekomex** Predictive and Causal Machine Learning
- ekomex** Survey Design
- ekomex** Systematic Literature Reviews
- ekomex** Thematic Analysis Using Nvivo

Microcredentials – In-Person

- komex** A Hands-on Introduction to Longitudinal Data Analysis
- komex** Differences-in-Differences Methods
- komex** Comparative Case Study Design
- komex** Introduction to Bayesian Analysis
- komex** Social Network Analysis
- komex** Survey Experiments

What we offer: Courses

Type of course	Duration
Short course	2 days
Compact course	3 days
Main course	5 days

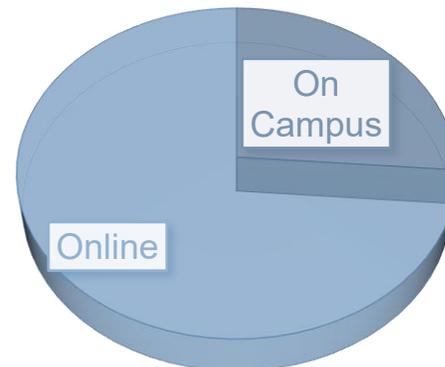

COURSES

TECHNIQUES

COURSES ON CAMPUS / ONLINE

Meet our 2026 KOMEX community

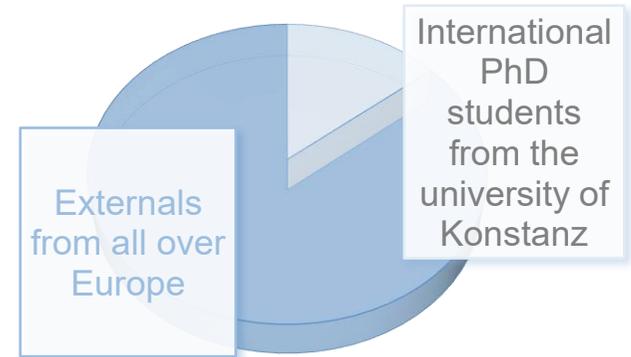

> Participants

- 153 online, 53 on-site

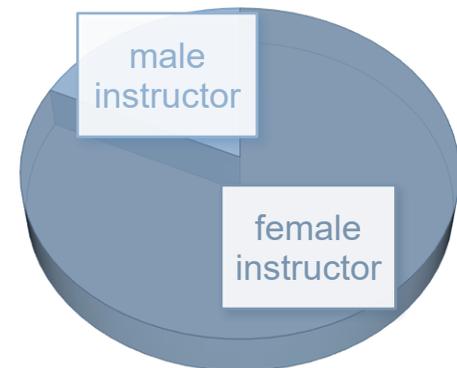

> Instructors

- 21 instructors from 11 different institutions across 9 countries
- Senior methodologists & uprising talent
- Political science, sociology, economics, public administration, and public health

PARTICIPANTS

INSTRUCTORS

KOMEX tracks

19./20..02.2026

23.02./25.02.-27.02.2026

Track 1 – Quantitative and Observational Techniques

MC ekomex: Data Visualisation in R

MC ekomex: Introduction to R

MC ekomex: Survey Design

MC komex: A Hands-on Introduction to Longitudinal Data Analysis

MC komex: Differences-in-Differences Methods

MC komex: Introduction to Bayesian Statistical Analysis

MC komex: Survey Experiments

MC komex: Social Network Analysis

Track 2 – Computational Techniques and Machine Learning Models

MC ekomex: Introduction to Python

MC ekomex: Introduction to R

MC ekomex: Predictive and Causal Machine Learning

MC ekomex: Fine-Tuning Large Language Models

MC ekomex: Introduction to AI-driven Text Analysis

MC ekomex: Introduction to Computational Social Science

Track 3 – Set-theoretic and Configurational Techniques

MC ekomex: Introduction to R

MC ekomex: Advanced Qualitative Comparative Analysis (QCA)

MC ekomex: Introduction to Qualitative Comparative Analysis (QCA)

Track 4 – Qualitative and Case-oriented Techniques

MC ekomex: Systematic Literature Reviews

MC ekomex: Thematic Analysis Using Nvivo

MC komex: Comparative Case Study Design

MC ekomex: Doing Fieldwork in Challenging Contexts

MC ekomex: Interpretive Methods

MC ekomex: Introduction to Causal Process Tracing

Credentials & certificates

- > Certificates are handed out within **10 weeks after last course day**
- > Queries to the KOMEX office komex@uni-konstanz.de
- > Special rules for GSBS students (see [KOMEX homepage](#))

	No Credits	ECTS Credits	
Short Course	Certificate of Attendance	1	Microcredential komex
Compact Course	Certificate of Attendance	2	Microcredential komex
Main Course	Certificate of Attendance	4	Microcredential Certificate komex

Have a wonderful time at **#KOMEX2026!**

Prof. Dr. Eva Thomann
Chair of Public Administration

eva.thomann@uni-konstanz.de
